Profile Green Alley Investment GmbH (www.green-alley.com)

Strategic investor and place to go for start-ups and innovators of the circular economy.

- Long-term investments in ideas, trends and concepts in the field of green economy, circular economy, recycling as well as resource conservation and resource management
- Support in successfully establishing innovative, green business models
- Introduction of European business models to the German market
- Investment in all business stages
- Providing a network of companies of the circular economy
- Access to the Landbell network of experts and partners
- Initiator and host of the Green Alley Award

Green Alley Award (www.green-alley-award.com)

Europe's first start-up competition focused on the circular economy.

- Green Alley is looking for great green business models, new services, products and technologies that can turn waste into a resource
- With the award Green Alley aims to implement a circular economy and to encourage sustainability and environmental awareness
- The focus of the award is to help green business models gain visibility
- Applicants benefit from strategic support, networking opportunities and the expertise of our experts of the circular economy as well as valuable contacts in the industry
