

FACTSHEET LANDBELL GROUP

Landbell Group provides compliance to 30 countries (27 European Union countries as well as Norway, Switzerland and Israel) to enable customers to comply with various legal regulations worldwide and fulfil their extended producer responsibilities.

Our vision consists in reducing the complexity for producers regarding their extended producer responsibilities, and offering them the most innovative proposals and efficient solutions when it comes to Environmental Compliance. We also take care of compliance in relation to the chemical environmental regulations that producers have to take into account when manufacturing and placing products in the market.
